

Principal's Vision

Hello. I'm Gary Underwood, Principal of Australian Christian College, forty minutes north of Brisbane. Our vibrant school serves students both on campus at North Caboolture and via distance education across Queensland.

In the next couple of minutes, you'll learn about our plans and hopes for the students learning on campus. Our school is truly blessed to have a team of dedicated Christian teachers who take a genuine interest in every child in their care. The teachers are united in their faith as followers of Jesus Christ.

From an academic perspective, we are committed to excellence in teaching and learning at all levels, from prep through to QCE. Our school is also well known for its focus on building core strengths in literacy and numeracy, as well as building twenty-first century learning skills such as problem solving, creativity and technology.

This school is one of many Australian Christian colleges across Australia. The network provides students with additional opportunities, including international mission trips. It also gives teachers collaborative learning opportunities with colleagues across the country.

Perhaps an aspect of the school which is not often spoken of, but most appreciated, is its culture. Here, students respect each other and teachers love their students. This positive culture is affirmed by the constant parent praise, which is seen in the school continue to grow year by year.

If this sounds like the kind of environment where your child would thrive, I invite you to visit the school and find out more.
